**Attachment "A"**

I, Edgard Reynoso, am a Task Force Officer with United States Homeland Security Investigations (HSI) and have knowledge of the following facts. The facts related in this attachment do not reflect the totality of information known to me or other agents/officers, merely the amount needed to establish probable cause. I do not rely upon facts not set forth herein in reaching my conclusion that a complaint should be issued, nor do I request that this Court rely upon any facts not set forth herein in reviewing this attachment in support of the complaint.

1. On August 07, 2019, Homeland Security Investigations in McAllen, Texas, (HSI McAllen) received a request for investigative assistance from the U.S. Customs and Border Protection (CBP) Office of Field Operations at the Los Ebanos Port of Entry (POE) in Los Ebanos, Texas. CBP Officers (CBPOs) detained Alma Rosa SALINAS (hereinafter SALINAS), a United States citizen, while attempting to enter the U.S. with approximately 65.62 (kg) of methamphetamine concealed within the gasoline tank of a 1996 Ford F-150 which she was driving.
2. During primary inbound inspection, CBP Officers (CBPOs) obtained a negative written declaration for fruits, food, alcohol, tobacco, drugs, weapons and currency over \$10,000.00. SALINAS stated that she lived in Diaz Ordaz, Mexico and was going to Rio Grande City, Texas to work as a provider. SALINAS stated that she had borrowed the vehicle from her uncle because her vehicle had overheated. CBPO queried the vehicle yielding a system generated alert for further inspection. SALINAS was referred to secondary inspection.
3. During secondary inspection, CBPO's conducted scope inspection in the gasoline tank and noticed anomalies with in the tank. CBPOs field tested the crystal substance inside the tank, which was presumptive positive for the characteristics of methamphetamine.
4. A CBP K-9 narcotics detection team conducted a free air inspection which resulted in a positive alert for the odor of controlled substance(s) emanating from the gasoline tank area of the vehicle.
5. The vehicle gasoline tank was removed from the vehicle. The liquid was extracted from the tank placed in plastic containers and weighed approximately 65.62 kilograms.
6. Homeland Security Investigations (HSI), Special Agents (SA) and Task Force Officers responded to the Los Ebanos POE to assist in the investigation. The HSI Task Force Officers interviewed SALINAS, she stated that her vehicle had overheated prior to crossing the bridge into the United States. She stated that a lady stopped to assist her and drove her to Diana's Pharmacy where she then walked a couple of blocks to her cousin's house to borrow the vehicle. She then made entry into the US. SALINAS stated that the vehicle belonged to her uncle, but her cousin is the one that lent her the vehicle. During the interview, SALINAS provided several inconsistent statements.
